Commercial Agreement

Shipide

This Shipping Services Agreement ("Agreement") governs access to and use of the Shipide platform and related services. Shipide is a commercial brand operated by Cryvelin LLC. By creating an account or using the Shipide platform, the Merchant agrees to be bound by the terms of this Agreement.

1. Definitions

For the purposes of this Agreement, the following definitions apply. "Cryvelin LLC" means Cryvelin LLC, a company organized under the laws of the State of Delaware, United States, which operates the Shipide platform. "Shipide" refers to the commercial brand and platform operated by Cryvelin LLC. "Platform" means the Shipide online platform enabling merchants to generate shipping labels and access shipping services. "Merchant" means the business entity registering for and using the Shipide Platform. "Carrier" means any third-party shipping or logistics provider used to transport shipments generated through the Platform. "Shipping Label" means any shipping label generated via the Platform for the transport of a parcel. "Account Balance" means the prepaid funds deposited by the Merchant into its Shipide account.

2. Scope of Services

Cryvelin LLC, operating under the Shipide brand, provides a technology platform that allows Merchants to access shipping services and generate shipping labels with third-party carriers at negotiated rates. Shipide aggregates shipping volumes across multiple merchants in order to obtain preferential shipping rates from carriers. Cryvelin LLC does not operate as a carrier and does not physically transport parcels. All shipments generated through the Platform are transported and handled by independent third-party carriers.

3. Freedom of Use and Termination

The Merchant remains free at all times to decide whether or not to use the Shipide platform. This Agreement does not impose any minimum usage obligations, exclusivity requirements, or long-term commitments on the Merchant. The Merchant may stop using the Platform at any time without notice and without penalty.

The Merchant may also terminate its account at any time by notifying Cryvelin LLC or by ceasing use of the Platform. Termination or non-use of the Platform does not create any fees or penalties, provided that all outstanding amounts related to shipping labels previously generated through the Platform have been fully paid.

3. Merchant Account

To access the Platform, the Merchant must create an account and provide accurate and complete information during registration. The Merchant is responsible for maintaining the confidentiality of its account credentials and remains fully responsible for all activities conducted through its account. Cryvelin LLC reserves the right to suspend or terminate accounts that contain inaccurate, misleading, or fraudulent information, or that are used in violation of this Agreement or applicable laws.

4. Generation and Purchase of Shipping Labels

Shipping labels may be generated through the Platform using available carrier services. Each shipping label generated through the Platform constitutes a binding purchase by the Merchant. All shipping labels generated remain payable by the Merchant regardless of whether the shipment is

ultimately used or cancelled after generation. The Merchant is responsible for ensuring the accuracy of all shipment information, including but not limited to weight, dimensions, destination, and shipment contents. Any additional charges imposed by carriers due to inaccurate shipment information, adjustments, or re-classification of parcels may be charged to the Merchant.

5. Payment Methods

Shipide provides several payment methods for the purchase of shipping labels, including prepaid account balances, card payments, and monthly invoicing for selected Merchants.

Merchants may fund their Shipide account by transferring funds via bank transfer to the IBAN designated by Cryvelin LLC. Funds received will be credited to the Merchant's Account Balance and used to pay for shipping labels generated on the Platform. The cost of each label will be deducted from the Account Balance at the time of generation. Cryvelin LLC reserves the right to suspend the ability to generate labels if the Account Balance is insufficient.

Merchants may also register a debit or credit card within their account. Cryvelin LLC may charge the registered payment method automatically for shipping labels generated or to replenish the Merchant's Account Balance. By providing a payment card, the Merchant authorizes Cryvelin LLC to charge the payment method on file for all amounts due under this Agreement.

Monthly invoicing may be granted to selected Merchants at the sole discretion of Cryvelin LLC. Eligibility for invoicing may depend on shipping volume, payment history, or other creditworthiness criteria determined by Cryvelin LLC. Merchants granted monthly invoicing will receive invoices summarizing shipping labels generated during the billing period. Unless otherwise specified, invoices are payable within fourteen (14) days from the invoice date. Cryvelin LLC reserves the right to revoke invoicing privileges at any time.

6. Credit Limits

Cryvelin LLC may establish credit limits for Merchants who are granted monthly invoicing privileges. If a Merchant exceeds its assigned credit limit, Cryvelin LLC may suspend the ability to generate new shipping labels until outstanding balances are settled. Cryvelin LLC reserves the right to adjust or modify credit limits at its discretion based on usage, payment behavior, or risk considerations.

7. Carrier Terms

All shipments generated through the Platform remain subject to the terms and conditions of the selected Carrier. The Merchant agrees to comply with all carrier rules, including but not limited to restrictions on prohibited goods, packaging requirements, customs declarations, weight limits, and dimensional restrictions. In the event of any conflict between this Agreement and a Carrier's shipping conditions regarding the handling of shipments, the Carrier's terms shall prevail with respect to transport services.

8. Merchant Responsibilities

The Merchant is responsible for providing accurate shipment information and ensuring that all shipments comply with applicable laws and carrier requirements. The Merchant must ensure that parcels are properly packaged and labeled in accordance with carrier guidelines. The Merchant further agrees not to ship illegal, dangerous, or prohibited goods through the Platform and remains solely responsible for the contents of all shipments generated through its account.

9. Platform Role and Liability

Cryvelin LLC acts solely as a technology platform facilitating access to shipping services offered by third-party carriers. Cryvelin LLC is not a carrier and does not physically transport shipments. Accordingly, Cryvelin LLC shall not be liable for shipment delays, loss or damage to parcels, carrier service disruptions, customs issues, delivery failures, or any other events arising from the transportation process. Any claims related to shipment loss or damage must be handled according to the claims procedures established by the relevant Carrier.

10. Suspension and Termination

Cryvelin LLC may suspend or terminate access to the Platform immediately if the Merchant fails to pay invoices when due, exceeds credit limits, engages in fraudulent or abusive activities, or violates shipping regulations or the terms of this Agreement. The Merchant may terminate its account at any time by providing notice to Cryvelin LLC. Termination of the account does not release the Merchant from its obligation to pay any outstanding amounts owed for shipping labels previously generated.

11. Fees and Pricing

Shipping rates displayed on the Platform may change from time to time depending on carrier pricing or commercial conditions. The price applicable to a shipping label is the price displayed at the moment the label is generated through the Platform. Cryvelin LLC reserves the right to modify pricing structures or platform fees with reasonable notice.

12. Data and Privacy

Cryvelin LLC may process shipment and personal data necessary to provide shipping services through the Platform. This may include sharing shipment information with carriers and logistics partners for the purpose of fulfilling transport services. Cryvelin LLC will process such data in accordance with applicable data protection regulations.

13. Force Majeure

Cryvelin LLC shall not be liable for any failure or delay in performance resulting from events beyond its reasonable control, including but not limited to natural disasters, strikes, war, government restrictions, system outages, or network failures.

14. Governing Law and Jurisdiction

This Agreement shall be governed by and interpreted in accordance with the laws of Belgium. Any disputes arising out of or in connection with this Agreement shall be submitted to the exclusive jurisdiction of the courts of Brussels, Belgium.

15. Miscellaneous

If any provision of this Agreement is found to be invalid or unenforceable, the remaining provisions shall remain in full force and effect. Cryvelin LLC may update this Agreement from time to time, and continued use of the Platform after such updates constitutes acceptance of the revised terms.
